The NACCR was established to engage and consult with citizens to get their views and recommendations on constitutional reform and to develop the Terms of Reference for a National Dialogue on Constitutional Reform to be held in June 2024. Citizens' views and recommendations will be compiled into a working document for the national dialogue and, as such, it is vital that we hear from you, the people of Trinidad and Tobago.

Citizens in the Sangre Grande, Point Fortin and Port of Spain/Diego Martin areas are invited to join us on the **2nd, 3rd and 5th of April, 2024 (respectively) at 6:00 P.M.**, as the Committee will be in attendance at each session to engage with you, face-to-face, to get your thoughts and recommendations for how we can shape a Constitution that represents the people's aspirations and how they want to be governed.

Constitutional Reform is your Future, your Constitution, your Voice.
